CONFLICT OF INTEREST NOTICE: Vice Chair Roess read the following:

Under the State Government Ethics Act, all voting members of the Board of Trustees have a duty to avoid conflicts of interest and appearances of conflicts. Looking at the agenda for today’s meeting, does anyone know that you have a conflict of interest or an interest that would give rise to the appearance of a conflict of interest? If so, please let me know now. [None reported.]
In addition, the State Government Ethics Act also requires the Chair of the Board to bring to the Board’s attention any actual or potential conflict cited by the Ethics Commission in its written evaluation of each member’s Statement of Economic Interest. Therefore I need to make you aware that Chair Adcock received copies of letters from the Commission regarding the evaluation of Mrs. Carole Wilson and Mr. Charles Murray. The Commission found potential for conflicts related to each individual’s ownership interests in certain companies.

The Commission noted that those potential conflicts would not prevent their service on this Board. If the Board were asked to act on a transaction involving one of those companies, Mrs. Wilson and Mr. Murray should recuse themselves from discussing or voting on the transaction, and submit a written statement of reasons for abstention from the vote. In accordance with requirements of the statute, a copy of the Ethics Commission letters about the potential conflicts is being recorded in the minutes of this meeting (see Attachment 1).

RECOGNITION OF VISITORS: Vice Chair Roess welcomed Ms. Anna Oakes of the Watauga Democrat.

APPROVAL OF ABSENCES: Vice Chair Roess stated that Trustees Adcock and Wilson were both absent due to personal reasons. Upon motion duly made, seconded and approved, the absences for both were approved as presented.

Re: Evaluation of Statement of Economic Interest Filed By Ms. Carole Parham Wilson
Trustee—Appalachian State University

Dear Chairman Fennebresque:

Our office is in receipt of Ms. Carole Parham Wilson’s 2015 No Change form and 2014 Statement of Economic Interest as a member of Appalachian State University Board of Trustees (“the Trustees”). We have reviewed it for actual and potential conflicts of interest pursuant to Chapter 138A of the North Carolina General Statutes (“N.C.G.S.”), also known as the State Government Ethics Act.

We did not find an actual conflict of interest, but found the potential for a conflict of interest. The potential conflict identified does not prohibit service on this entity.

N.C.G.S. Chapter 116 provides for the development of a coordinated system of higher education known as the University of North Carolina, a public, multi-campus university governed by the Board of Governors (“the Board”). Each constituent institution of the University has a board of trustees that advises the chancellor of that institution and the Board. In addition, the Board has delegated to each board of trustees the power to adopt personnel policies and appoint, promote, and establish the compensation of the institution’s employees; establish and supervise the institution’s athletic program; determine student admission and graduation standards; approve campus capital construction projects, including the selection of architects and the approval of building sites; approve or recommend the acquisition and disposition of real property interests according to the property’s value; and manage the institution’s endowment and trust funds.

The State Government Ethics Act establishes ethical standards for certain public servants, including conflict of interest standards. N.C.G.S. §138A-31 prohibits public servants from using their positions for their financial benefit or for the benefit of a member of their extended family or a business with which they are associated. N.C.G.S. §138A-36(a) prohibits public servants from participating in certain official actions from which the public servant, his or her client(s), a member of the public servant’s extended family, or a business or non-profit with which the public servant or a member of the public servant’s immediate family is associated may receive a reasonably foreseeable financial benefit.

Ms. Wilson is an At-Large member on the Board. Her spouse is the President and CEO of Blue Cross Blue Shield, which offers insurance coverages to the State of North Carolina. Her spouse also owns a threshold amount of interest in numerous publicly owned and non-publicly owned companies. Some of those interests, such as Duke Energy and H&W Enterprises, which may seek to do business with the University. In light of these interests, Ms. Wilson should exercise appropriate caution in the performance of her public duties should any entity in which she has a financial interest come before the Board or otherwise seek to conduct business with Appalachian State University.

In addition to the conflicts standards noted above, N.C.G.S. §138A-32 prohibits public servants from accepting gifts, directly or indirectly (1) from anyone in return for being influenced in the discharge of their official responsibilities, (2) from a lobbyist or lobbyist principal, or (3) from a person or entity which is doing or seeking to do business with the public servant’s agency, is regulated or controlled by the public servant’s agency, or has particular financial interests that may be affected by the public servant’s official actions. Exceptions to the gifts restrictions are set out in N.C.G.S. §138A-32(e).

Pursuant to N.C.G.S. 138A-15(c), when an actual or potential conflict of interest is cited by the Commission under N.C.G.S. 138A-24(e) with regard to a public servant sitting on a board, the conflict shall be recorded in the minutes of the applicable board and duly brought to the attention of the membership by the board’s chair as often as necessary to remind all members of the conflict and to help ensure compliance with the State Government Ethics Act.

Finally, the State Government Ethics Act mandates that all public servants attend an ethics and lobbying education presentation. Please review the attached document for additional information concerning this requirement.

Please contact our office if you have any questions concerning our evaluation or the ethical standards governing public servants under the State Government Ethics Act.

Sincerely,

Board of Trustee Meeting

December 4, 2015

Vice Chair Roess, trustees and guests,

Good Morning and welcome.

I have a few updates for you this morning and my remarks will be brief.

At the last Board of Trustee meeting I mentioned the upcoming Connect North Carolina Bond Referendum.
Today, I would like to share some additional information with you.

The bond is important to North Carolina and especially important to Appalachian.

The $2 billion bond will connect North Carolina to the 21st century through statewide investments in education, parks, safety, recreation, and water and sewer infrastructure. For our campus, a successful bond will support a home for the Beaver College of
Health Sciences. This will expand Appalachian’s capacity to help provide much-needed health care professionals for our state.

In addition to sharing what this bond will do for our state and university, it is important for citizens to know the Connect NC bond will allow us to pay for 50-year assets with 20-year financing. **No** tax increases are necessary to finance the bond, given
our state's strong revenue growth and ample debt service capacity.

Later in the meeting, you will hear more about the bond and how you, as trustees, can help us from Johnny Burleson.

Many of you know Johnny from his previous role at Appalachian and it is my pleasure to welcome him back. In his role of Senior Associate Vice Chancellor for Advancement, his initial focus will be the NC Connect Bond
Referendum. Johnny most recently served in the role of Associate Dean for Development at the UNC School of Government. Welcome home Johnny.

On November 19, Appalachian was one of 38 institutions of higher learning invited by the White House to participate in the American Campuses Act on Climate roundtable event in Washington, D.C. I was honored to represent our university in the
roundtable discussions about climate change. Appalachian pledged to continue building on our existing renewable energy research practices by expanding campus use of renewable energy resources and green energy, continuing to reduce on-campus energy and water use and increasing efforts to achieve a zero waste goal by 2022, among other action items. This pledge is consistent with the values and ethos of our campus community.
Earlier the same day, Appalachian received the national award in the four-year higher education category for its ongoing commitment and leadership in sustainability at the 2015 Climate Leadership Award ceremony. The award was presented by the nonprofit agency Second Nature and The U.S. Green Building Council. This award recognizes innovative and advanced leadership in sustainability, and climate change mitigation.
In just a few days we will close out the Fall Semester and celebrate our December graduates. I would like to extend my sincere thanks to the students, faculty and staff for their commitment and dedication to Appalachian.

I would also like to thank the trustees for their leadership and advocacy on behalf of Appalachian as we all move forward together. Thank you for your
kind attention and, Madam Chair, this concludes my remarks.

WHEREAS, Section 116D-26(b) of the Act provides that the Board of Governors shall not issue any special obligation bonds for a project at a constituent institution unless the board of trustees of that institution has approved the issuance of bonds for that project; and

Chancellor’s Student Advisory Board for Diversity Recruitment
Five representative members from the Chancellor’s Student Advisory Board for Diversity Recruitment discussed some of their successes over the past year and goals for the future. The mission of this group is to share experiences and strategies to actively recruit students from historically underrepresented populations in order to effectively recruit and enroll a more nationally representative student body. This Advisory Board was established by Chancellor Everts in November, 2014. The board consists of 16 student leaders (ranging from freshmen to seniors) representing various multicultural student organizations, as well as several members “at large” and is co-advised by Enrollment Management and the Office of Equity, Diversity and Compliance, namely: Dr. Susan Davies and Dr. Bindu Jayne, respectively. Some of their goals for 2015-16 include the development of a recruitment video, greater participation in admissions events, more engagement and discussion with faculty and the Chancellor’s leadership team, reaching out to middle-school aged students, and the uniting of the various multicultural organizations across campus.

Institutional Effectiveness Cycle Overview
Dr. Pete Wachs and Ms. Tina Hogan from the Office of Institutional Research, Assessment and Planning (IRAP) discussed the components of the Institutional Effectiveness model and reported on the role and scope of the Institutional Effectiveness (IE) Cycle at Appalachian. IE is an institutional tool that allows the university to organize its resources most effectively in support of its mission and to ensure continuous improvement of its academic and non-academic programs. The four main components of the IE process include: Strategic Planning, Assessment of Student Learning Outcomes, Annual Reporting, and Periodic Comprehensive Review. Dr. Wachs and Ms. Hogan discussed the rationale for establishment of the cycle and its role in informing institutional budgeting and decision-making. Student achievement goals and other Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) standards are directly connected to one or more components of the IE process. The university received reaffirmation of accreditation in December, 2013 and we must submit a five-year interim review report to SACS in April, 2019.

Update on the Research Institute for Environment, Energy and Economics (RIEEE)
Dr. Alan Utter, Vice Provost for Research, reported that Appalachian has completed a review of the Research Institute for the Environment, Energy and Economics (RIEEE). This review was completed in response to the February 26, 2015 Board of Governors Committee on Educational Planning, Policies and Programs request to review the role of selected centers and institutes throughout the University of North Carolina system. Following this review it was recommended that the RIEEE should continue to operate as an Institute with an increased focus on building
collaborative multi-disciplinary research through its three centers: the Appalachian Energy Center (AEC), the Center for Economic Research and Policy Analysis (CERPA) and the Southern Appalachian Environmental Research and Education Center (SAEREC).

Strategic Planning Update
Provost Kruger reported that the Strategic Planning Advisory Council (SPAC) that he and Vice Chancellor Randy Edwards co-chair has hosted fifteen meetings this semester with key campus stakeholders and governance groups across campus. These meetings have allowed the campus community another opportunity to review the strategic plan and to evaluate the plan as it relates to the Chancellor’s priorities. SPAC will now work with the University Planning and Priorities Council (UPPC) to (a) prioritize elements of the strategic plan, based upon feedback from the campus, for funding and (b) provide messaging for Chancellor Everts. Campus-wide budget presentations have been scheduled for Friday, April 22, 2016.

Dean Search Update
Provost Kruger reported that Appalachian has contracted with executive search firm Greenwood/Asher & Associates to assist on-campus search committees with filling the positions of Dean of the Reich College of Education, Dean of the Walker College of Business and Dean of the College of Fine and Applied Arts. Assistance from Greenwood/Asher & Associates will ensure that we achieve the strongest and most diverse applicant pool possible. The search firm was on-campus December 3, 2015, for an initial orientation visit and process planning. Based upon the current search timeline, it is anticipated that on-campus interviews with finalists will occur the first week of April, with an anticipated start date of July 1, 2016 for all three dean appointments. Dr. Kruger and Chair Blackburn expressed their appreciation to the search committees for their dedication and hard work with the process of filling these important academic leadership positions. A dedicated webpage is being developed to track search progress and to gather feedback from the campus community.

There being no further business, a motion was made and seconded to adjourn at 2:57 p.m. The motion was approved unanimously.

Respectfully submitted,

David H. Cook

Resolution to Refund Bonds:
Mr. Greg Lovins, Vice Chancellor for Business Affairs, presented a resolution authorizing Appalachian State University to issue Special Obligation Bonds in an amount not to exceed $37,000,000. Mr. Lovins explained that First Tryon of Charlotte, financial advisors to Appalachian on bonds and other indebtedness, and Business Affairs staff, constantly review outstanding bonds to see if any are candidates for refunding or refinancing. Currently two bond issues are good candidates for refunding: Series 2006A - $8.52 million, previously refunded steam plant bonds and Series 2008A - $23.74 million, that were issued to finance Roess Dining Hall, Hoey Residence Hall, Doughton Residence Hall and the Student Recreation Center. Acceptance Of Gift Of Fuji Javelin Luxell Platesetter In Exchange For $20,000 Credit:

Mr. Lovins presented information regarding receipt of a gift of equipment from the Appalachian State University Foundation, Inc. As background, Mr. Lovins explained that the Graphics Arts and Imaging Technology Program (GAIT) within the College of Fine and Applied Arts incorporates offset lithography as a vital instruction component for three of its academic courses. The Program uses three offset printing presses, which require electronic platesetters. One of the platesetters is 12 years old and in need of replacement. GAIT faculty members arranged for a gift of a Fuji Javelin Luxell platesetter to the Appalachian State University Foundation, Inc. However, this platesetter is not the ultimate solution to the departmental need and the GAIT
Advisory Board members have identified a vendor that is willing to accept a trade of the Fuji unit for a $20,000 credit toward the purchase of a platesetter that will work for the departmental needs.

The motion was made and seconded to allow the acceptance of this Fuji platemaker from the Appalachian State University Foundation, Inc. and authorize its exchange for the $20,000 credit towards the equipment needed for the department. The motion carried.
