This year #iBackAPP day resulted in 21 new donors in one day and raised $198,000. Ms. Pettyjohn noted that annual giving has grown, with this year being one of the most successful with gift totals surpassing $20
Chair Adcock acknowledged Vice Chancellor Pettyjohn’s accomplishments, thanked her for her service, and presented a gift to her.

**REPORT FROM THE ACADEMIC AFFAIRS COMMITTEE:** Chair Adcock recognized Mr. John Blackburn, Chair of the Academic Affairs Committee, for this report. Mr. Blackburn called on Dr. Jessie Lutabingwa to begin the committee report.

**Office of International Education and Development Update**

Dr. Lutabingwa, Associate Vice Chancellor for International Programs, discussed international initiatives of The Office of International Education and Development (OIED). In 2013/14, the university adopted global learning as a focus of its Quality Enhancement Plan (QEP) for reaffirmation by the Southern Association of Colleges and Schools and OIED worked to accomplish three goals towards alignment with the University’s Strategic Plan.

Dr. Lutabingwa stated that Appalachian State University is a national leader in education abroad with more than 1,000 students engaged in study abroad annually, which includes international teaching, internships, service learning and research. The university financially supports approximately 65 staff travel activities, totaling approximately $180,000 annually. In 2009, the university increased its number of exchange students from 35 to 87. The total number of international students on campus for 2015/2016 was 184. Appalachian has 70 international partnerships around the world.

**Update on Dean Searches**

Provost Krug reported that the university has filled three Dean’s positions: Dr. Melba Spooner is Dean of the College of Education; Dr. Phyllis Klop is Dean of the College of Fine and Applied Arts; and Dr. Heather Norris is Dean of the Walker College of Business. All appointments are effective as of July 1st, 2016. The Dean of the College of Arts and Sciences has recently announced his return to the faculty. Mr. Blackburn announced that another search would commence in Fall 2016.

**Faculty Handbook Revisions**

Dr. Sue Edwards, Interim Vice Provost for Academic Affairs, summarized Faculty Handbook changes that were approved by the Faculty Senate, Provost and Chancellor. There are 17 changes to the handbook. The Academic Affairs Committee approved these changes (Exhibit A-1).

Upon motion duly made and seconded, the handbook revisions were approved by the Board as presented.
Presentation on Analytics from Academic Affairs

Chair Adcock recognized Provost Darrell Kruger for an introduction of an Academic Affairs collaborative project between three areas: Information Technology Services, Enrollment Management and Institutional Research and Planning, namely Cathy Bates, Rachel Serrano, Susan Davies and Heather Langdon. Provost Kruger stated that the Information Analytics Program is a collaborative program to design, implement and manage information analytics and a data warehouse to support the university’s need for data-driven decision making in daily operations and strategic planning. Presenters Susan Davies and Heather Langdon were recognized, and provided more detail on the data-driven program.

REPORT FROM THE BUSINESS AFFAIRS COMMITTEE: Chair Adcock recognized Mr. Donald C. Beaver, Chair of the Business Affairs Committee, for this report. Mr. Beaver presented the following:

Write-off of Uncollectible Accounts

Mr. Beaver, on behalf of the Business Affairs Committee, recommended approval of the write-off of uncollectible accounts for the university in the amount of $471,631.52, and for New River Light and Power Company in the amount of $4,837.77. The Committee’s recommendation was approved. It was noted there was one “no” and twelve “yes” votes. (Exhibit B-1)

Update of Parking and Traffic Manual

Mr. Beaver reported that there were changes in the dates and payment of fees. Appalachian is now offering part-time and full-time employees an option to have a monthly deductible to pay parking fees. Mr. Beaver stated that the Business Affairs Committee requested that the Board approve the update in the parking and traffic manual. A motion was duly made and seconded, and the recommendation was approved. (Exhibit B-2)

Millennial Campus Expansion Proposal

Mr. Beaver reported that the expansion refers to a parcel of land at the Kidd Brewer Athletics Stadium, the stadium parking lot, the practice facility, the softball stadium, the tennis courts and the adjoining tracts within the boundaries of Rivers Street and Bodenheimer Drive, and both sides of Stadium Drive. He explained that State law authorizes the University of North Carolina Board of Governors to designate real property to be held by, or to be acquired by, the institution as a millennial campus for the institution. The institution must show that it has the administrative and fiscal capabilities to create and maintain a millennial campus, that the campus will enhance the university’s research, teaching and service missions, and that it will provide economic development opportunities for the region served by the institution. The university could take
advantage of public-private partnerships made possible by this millennial campus designation. Mr. Beaver stated that the Business Affairs Committee recommended this millennial campus designation be approved. The recommendation was approved. (Exhibit B-3)

**Mobile Phone Rooftop Equipment Lease**

Mr. Beaver introduced a proposal to revise a lease for New Cingular Wireless (subsidiary of AT&T) to rent rooftop space for mobile telephone transmission equipment. The State Property Office has negotiated terms for a new ten-year lease agreement and is requesting Board of Trustees approval prior to submitting this recommendation to the Council of State. The recommendation was to authorize this submission of the proposed new lease, subject to further negotiation by the Chancellor or her designee in coordination with staff of the State Property Office. The Business Affairs Committee recommended approval of this action. The recommendation was approved.

**REPORT FROM THE STUDENT DEVELOPMENT COMMITTEE:** Chair Adcock recognized Ms. Susan M. Branch, Acting Chair of the Student Development Committee, for this report. Ms. Branch reported that the committee had no action items and four informational items. The following items were discussed.

- Leroy Wright was acknowledged for his new role as Interim Vice Chancellor for Student Development. He will serve as Interim until a national search which will begin in the fall is completed.

**REPORT FROM THE AUDIT COMMITTEE:** Chair Adcock recognized Mr. Charles V. Murray, Chair of the Audit Committee.

Mr. Murray stated that the University of North Carolina Board of Governors requires that the Office of Internal Audits at each university develop and implement an annual audit plan based on consideration of risk and internal control deficiencies. The Audit
Committee and the full Board must also approve this plan. There was a review, discussion and approval of the 2016/2017 Internal Audit Plan by the Audit Committee. The Audit Committee submitted the 2016/2017 Internal Audit Plan to the full board. Upon the committee’s recommendation, the 2016/2017 Internal Audit Plan was approved as presented.

   Leonie Kruger
   Recording Secretary
Chair Adcock, trustees and guests,
before I share a brief update about a few of the exciting things happening at Appalachian, I would like to let you know that I have asked Leonie Kruger to serve in the role of recording secretary for this meeting. Thank you, Leonie.

We have some new board members with us today, so I would like to frame
my remarks with a short statement about the vision of the university. At Appalachian, we promote a spirit of inclusion that inspires students, faculty and staff to form relationships well beyond graduation. Our students and alumni think critically and understand the responsibilities of community engagement. I am heartened by the passion of the Appalachian Community and invite
anyone to talk with me in person about the future of our great university.

Appalachian’s identity is built on the university’s tradition. Since inception, the university has had one vision – putting students first by providing access to a quality education. Conceived by the Dougherty brothers over a century ago, this vision has been built upon by each successive chancellor. This tradition is important
to me, and I have worked to honor it by working with the entire Appalachian Community to continue building upon our distinctive identity and core values.

Ultimately, the reason our stellar faculty and staff come to work every day is to realize this vision, which can be summed up in one key phrase: we put students first, always, and together we are building a bright future.

BOT June 24, 2016
Yesterday was a great day for Appalachian as we broke ground on a new home for the Beaver College of Health Sciences (and thank you, Anna, for getting that story up on the Watauga Democrat website before 5pm yesterday!) Again, I would like to thank President and CEO Richard Sparks, Appalachian Regional Healthcare System and their Board of
Trustees for their gift of the land for this new facility. Together, we will continue our great collaborative work in support of regional health care.

An Appalachian Summer Festival, celebrating its 32nd season, has risen in stature to become one of the nation’s most highly respected summer festivals. With an audience of 27,000, the festival has been named one of the “Top Twenty Events in the
Southeast” by the Southeast Tourism Society. I hope you will be able to take in some of the stellar offerings this summer.

July 18-20, Appalachian hosts the 5th Appalachian Energy Summit. The annual energy leadership gathers colleagues from UNC’s 17 campuses and many colleges and universities from across the country. The summit is a one-of-a-kind event that convenes
academia, industry, and students in a transformational effort that is truly delivering meaningful ecological, financial and social benefit. This year’s keynote speaker is internationally acclaimed author and environmentalist Bill McKibben.

As we began the academic year in August 2015, I charged our campus with implementing 14
recommendations from the Chancellor's Commission on Diversity.

Over this year we made great progress on supervisor training, implementing a Bias Incident Response Team, creating mentoring programs, and other initiatives that support the recruitment and retention of a diverse community of students, faculty and staff. While there is much to do, our community is committed to supporting diversity because it makes our campus

BOT June 24, 2016
better and that difference ripples out to our community, state and beyond.

In addition, we fulfilled an earlier recommendation from the commission when we brought Dr. Willie Fleming back to Boone as our Chief Diversity Officer. Dr. Fleming comes to Appalachian from Gardner-Webb but has a deep connection and history with our campus. Willie is an Appalachian alumnus and a former minority
student advisor and director of African-American Students, founder of the Appalachian Gospel Choir and the Black Student Association, and a founding member of the Black Faculty and Staff Association. Fleming also was instrumental in bringing Black Greek Life to Appalachian and was a charter member of the Pi Nu Chapter of Alpha Phi Alpha Fraternity. He has remained actively connected with alumni and the Willie C. Fleming Endowment Fund.
was established in 2011 to support qualifying first year students who demonstrate a desire to promote cultural diversity and a verifiable need. Willie will be partnering with Bindu Jayne and together they will continue to focus on these very important initiatives.

Today is Vice Chancellor Susan Pettyjohn’s last trustee meeting and I would like to recognize her tireless
dedication to Appalachian and our students, faculty and staff. Susan provided leadership for the most successful campaign in Appalachian’s history and her efforts have put our university in a stronger position to meet our mission. I would also like to recognize Interim Vice Chancellor for Student Development Leroy Wright. With more than 18 years experience in student affairs administration, Wright received a bachelor’s degree in human
resource management and a minor in multicultural relations from Ferris State University and his master’s degree in counseling from Northern Arizona University. Most recently, Wright served as the dean of student life for 10 years at Ferris State University in MI after serving as an assistant director of housing and residence life for 4 years. Leroy brings a wealth of experience in multiple areas of student affairs.
We have a few additional leadership announcements that you most likely read about yesterday. Randy Edwards will be serving in the role of interim Vice Chancellor of Advancement. Randy will supervise development operations, the Appalachian State University Foundation, Inc. and Alumni Affairs and Annual Giving. He will continue to supervise Auxiliary Services, University Sustainability, Small Business and Technical
Development Center and New River Light and Power until the new Vice Chancellor of Business Affairs begins work on campus.

Debbie Covington will serve in the role of Acting Chief of Staff and Director of Marketing for the University. University Communications will report to Debbie.

Hank Foreman will take on new responsibilities as both Senior Associate Vice Chancellor for Arts and
Engagement and Special Assistant to the Chancellor for Strategic Initiatives. These leadership changes leverage the expertise of these individuals while producing budget savings during this time of transition. The enhanced emphasis on university marketing and the arts directly supports our vision of creating a transformational educational experience for our students. Students are at the heart of what we do and we will do a better job...
in telling the story of who we are off the mountain.

Because students are our focus, I'd like to share just a few accolades garnered by our students in recent months:

- Sixty-one Appalachian State University undergraduates representing 25 different academic departments presented their research at the 30th Annual
National Conference on Undergraduate Research at UNC Asheville.

- Two-hundred and twenty-two students were named to the athletics department's academic honor roll for the 2016 spring semester. Those honored included 143 student-athletes and 35 student athletic trainers, managers, cheerleaders and support staff.
be included on the academic honor roll, a student must have a 3.25 or higher semester GPA while enrolled in a minimum of 12 hours.

- Six new Wilson Scholars were chosen for Appalachian's most prestigious full-ride scholarship, making the total number of recipients of this scholarship, which emphasizes academic excellence, leadership and service,
14. The scholarship is now in its third year and these students are having a tremendous positive effect on our campus.

Our campus is strong and vibrant and boldly moving towards a bright future.

I thank each of you for your dedication and commitment and for all you do every day for our university. Mr. Chair this concludes my remarks.

Such appointments are non-tenure-track appointments. Prior to appointment or reappointment, the credentials of candidates for Special Faculty appointments will be reviewed by the departmental personnel committee (see Section 4.1.3.1). Among special faculty, only Lecturers or Senior Lecturers have unit or university voting rights as specified in Article II of the Faculty Constitution.
Item 4: Clarification of Functions of Departmental Personnel Committees

Section: 4.1.3 Functions of Departmental Personnel Committees – Approved by Faculty Senate on March 14, 2016

Explanation: Clarified language referring to non-tenure eligible positions and to types of recommendations.

4.1.3.1a reviewing the credentials of all applicants for new or vacant non-tenure eligible positions including special faculty appointments, interviewing selected candidates, and making a recommendation to the chair of two or more qualified persons to fill the position (except in the case of special faculty appointments or when circumstances make only one candidate acceptable), and through the chair to the dean and the Provost and Executive Vice chancellor. The personnel committee may or may not submit nominations in rank order of preference. Search committees may be established to assist or supplant the departmental personnel committee in performance of these functions (see SEARCH COMMITTEE section 4.1.9). Each member of a search committee shall be subject to the same confidentiality obligations that apply to departmental personnel committees.

4.1.3.1b reviewing all non-tenure eligible and special faculty (see sections 3.13-14) and making recommendations regarding appointments, reappointments and promotions. The committee shall make a recommendation to the chair, who in turn shall make a recommendation to the dean; the dean will make a recommendation to the Provost and Executive Vice Chancellor and make known to the Provost and Executive Vice Chancellor the recommendation of the chair concerning the future employment of such faculty. The recommendations described above shall be accompanied by the results of the departmental personnel committee’s vote, supporting material, and all documents submitted to the committee.

Item 6: 4.1.9 Search Committees

4.1.9 Search Committees – Approved by Faculty Senate on March 14, 2016

Explanation: Added clarification on regulations and functions of search committees.

4.1.9.1 The composition, functions and procedures of search committees for tenure track faculty as outlined in this section of the Faculty Handbook are the official guidelines for these committees and must be followed in all cases (NOTE: The departmental personnel committee reviews the credentials of all applicants for new or vacant special faculty appointments set forth in Section 4.1.3.1. Departmental Chair Search Committees are governed by Section 4.13.4) The provost and executive vice chancellor shall be responsible for seeking interpretations of any relevant regulations or policies. (See 4.13.4 for information on Departmental Chair Search Committees.) In accordance with the guidelines outlined here, departments shall establish a standard method for creating search committees. Each department shall determine the size and membership of the committees. In all cases, no reviewing group or persons may substitute their judgment for that of a search committee on matters relating to the professional qualifications of the individual involved, i.e., the individual's ability to fulfill adequately the professional requirements of the position. In cases where search committees make recommendations to hire a candidate for a tenure track open-ranked position the departmental promotion and tenure committee shall determine the candidate's recommended rank. If this is a joint appointment, at this time the "base" departmental unit of the faculty member must be determined in order for the base department's promotion and tenure committee to determine the candidate’s recommended rank (see section 3.10).

4.1.9.2 Functions of Search Committees
The search committee is responsible for reviewing ASU Policy Manual 601.8 “Hiring of EHRA Employees," as this policy may be amended from time to time. After the department has determined the general responsibilities for a faculty vacancy, the search committee shall prepare or review the job announcement, which contains minimum and preferred qualifications and shall develop selection criteria based on the position requirements. In accordance with ASU PM 601.8, the search committee shall oversee all aspects of advertising the position and receiving applications; review all applications; conduct reference checks and preliminary interviews; and schedule and conduct on-campus interviews. Whenever possible, the search committee shall recommend at least two candidates for hire and may provide a ranked list of the candidates. Confidentiality shall be maintained throughout the search process, including, but not limited to, the identity of applicants, submitted application materials, reference checks, interviews, committee discussions and deliberations, short list determinations, and final offers. Information gathered during the search process shall not be shared with others in the department or unit who do not serve on the search committee without written permission from the applicants. Search committee members should not engage in discussions about the applicants or the submitted application materials outside the confines of a search committee meeting which is "the only legally-privileged
setting for discussion of confidential information related to a search". (Quoted from ASU PM 601.8 section 4.5.3.)

4.1.9.3.a All meetings of search committees, involving deliberation, shall be held face-to-face or by appropriately secure digital communication on campus. Every member of an academic department must be notified in writing of all meetings and agenda items of the search committee. The announcement should clearly state the time and place of the meeting and it should become a part of the search committee’s records. All department members who so desire may present their views before the committee. (Present 4.1.9.2)

4.1.9.3.b The minutes of the search committee should record all persons in attendance at the meeting and all members absent. A record should be kept of each personnel action considered; however, this should not include individual comments. All personnel actions shall be determined by anonymous paper ballot votes. The written record should state that the search committee formally considered the personnel action. The minutes should show the vote (the number of affirmative and negative votes) on each action, but not the votes of individual members of the committee. All motions must be phrased in the affirmative. (Present 4.1.9.3)

4.1.9.3.c All minutes of search committee action must be approved and, if necessary, modified by a majority of the assembled committee. Such action will normally take place at the next meeting of the committee except that, following the last meeting of the committee in a given academic year, the recorder shall be responsible for gaining the approval of the minutes from the voting members of the committee. (Present 4.1.9.4)

4.1.9.3.d A file of all minutes of the search committee shall be maintained with the search committee file (see ASU Policy Manual 601.8, Section 4.10.) In addition, the paper ballots for each vote should be kept in sealed, labeled and dated envelopes with the search committee file. Nothing in these guidelines shall violate the confidentiality of the search committee minutes. (Present 4.1.9.5).

4.4.8 The dean of the college/school shall forward his or her recommendation (with reasons for that recommendation) with the dossier, including any vote justification forms, to the provost and executive vice chancellor. The faculty member shall get a copy of this letter at the time the dossier is forwarded to the provost and executive vice chancellor.
Item 8: 6.2.3 Other Adjustments of Employment Obligations

6.2.3.4 (Independent Study) and 6.2.3.5 (Individual Study) – Approved by Faculty Senate on April 11, 2016

Explanation: Addition of new language – moved this language from the Academic Governance Handbook to the Faculty Handbook.

6.2.3.4 Independent study

Independent study is the term applied to the study of a subject not listed in the regular curricular offerings. Under the independent study program, a student designs a project and then individually pursues the study under the auspices of qualified faculty member who serves as a consultant for the student during the course of the study. The student must be either degree seeking, working toward teacher licensure or have special permission from the dean. In all cases, permission from the departmental chair (in which the course is offered) will need to be secured. The vehicles for this are course numbers 2500, 3500, 4500, 5500, 6500 and 7500 depending on the level of the student. For information on independent study, students should consult the chair of the department in which the independent study is to be done.

Each student seeking approval for an independent study will petition the appropriate faculty member and seek their consent to supervise the independent study, typically through an oral prospectus. If the faculty member agrees to supervise the student, a written prospectus will be drawn up by the student and presented to the departmental chair. If the chair approves, she/he will determine the amount of credit and authorize the registration for the independent study. The dean of the college involved must endorse the chair's authorization. Registration for the course will be done during the registration period, and grades will be reported in the regular way at the end of the semester in which the project is completed.

The faculty member who supervises an independent study receives teaching hour credit on the following basis: for each semester hour of undergraduate independent study supervised by a faculty member, the faculty member will receive one-twelfth teaching hour credit; for each semester hour of graduate independent study supervised by a faculty member, the faculty member will receive one-sixth teaching hour credit.

The departmental chair will maintain a record of the work done by faculty members in the chair’s department in supervising students in this category and when the faculty member has accumulated sufficient credits for a teaching load reduction, such a reduction will be given in some term of the regular academic year. It must be understood that the needs of students come first, and it may not always be possible to arrange for the reduced load in the term which the faculty member requests it. Also, it must be understood that the reduction in load can only be claimed during one of the regular terms of the academic year and cannot be claimed during the summer term.
With the approval of the instructor, the departmental chair, the dean of the college, and the Dean of Graduate Studies and Research, graduate students who have been admitted to candidacy and who have filed their Program of Study may register for independent study in their major field.

Students registered for independent study must be scheduled for regular conference periods at least weekly. No more than six semester hours of independent study may be applied toward a graduate degree, and no more than twenty-five percent of the student's degree program may be taken in a combination of selected topics and independent studies.

6.2.3.5 Individual study
Individual study is the pursuit of a regularly listed course by a student without attending classes on a regular basis. The student must be either degree seeking, working toward teacher licensure or have special permission from the dean. In all cases, permission from the departmental chair (in which the course is offered) will need to be secured. The student seeking approval for an individual study will petition the appropriate faculty member and seek their consent to supervise the individual study, typically through an oral prospectus. If the faculty member agrees to supervise the student, the student and faculty member will work out the method of study, then permission from the departmental chair is secured. The grade for the course will be submitted to the Registrar in the regular way at the end of the semester in which the project is completed.

The usual limitations on academic load apply to the student's total load, including the load in regular classes and work taken individually.

If a faculty member supervises a student in individual study of a course at a time when the faculty member is teaching that course as a part of her/his regular assignment, then the faculty member will receive one-twenty-fourth teaching hour credit for that supervision. If a faculty member supervises a student in individual study of a course at a time when she or he is not teaching that course, then for each semester hour of individual study supervised by the faculty member, the faculty member will receive one-twelfth teaching hour credit.

The departmental chair will maintain a record of the work done by the faculty members in the chair's department in supervising students in this category and when the faculty member has accumulated sufficient credits for a teaching load reduction, such a reduction will be given during one term of the regular academic year. It must be understood that the needs of the student come first, and it may not always be possible to arrange for the reduced load in the semester in which the faculty member requests it. Also, it must be understood that the reduction in load can only be claimed during one of the regular semesters of the academic year and cannot be claimed during the summer term.
Item 9: 6.12 Final Grades

6.12.1.1 Grade Reporting and 6.12.2 Changing Grades—Approved by Faculty Senate on April 11, 2016

Explanation: 6.12.1.1 contains new language that was taken from the Academic Governance Handbook, and 6.12.2 is a title change from Changing Grades to Grade Changes

6.12.1.1 Grade Reporting (Faculty Absence/Incapacitation)

In all circumstances, except those stipulated below, the grades recorded shall be those assigned by the faculty member (instructor of record). Any action taken by the university to withhold transcripts for any reason shall not involve any changes in the recorded grade.

In the event that a faculty member has not turned in a grade or grades on time, and if the faculty member cannot be located, an interim grade of "NR" (Grade Not Reported) will be assigned by the Registrar's Office. If a graduating student is involved, the departmental chair may, with the concurrence of two other departmental faculty members, assign a grade.

In the event that a faculty member becomes incapacitated prior to the time grades should have been assigned, the departmental chair, along with two other departmental faculty members, shall jointly decide the action to be taken.

6.12.2 Grade Changes

Faculty members should exercise extreme care in evaluating students and in reporting grades. A faculty member must secure the form for changing a grade in the departmental office. All grade changes are subject to review by the dean of the college/school. A legitimate reason for all grade changes is required. Except for changes for I (incomplete), the only permissible reason for a grade change is an error on the part of the faculty member in computing or in reporting the student's grade.

- N.C.G.S. 20-37.6(a) provides that: “Any vehicle that is driven by or is transporting a person who is handicapped and that displays a distinguishing license plate, a removable windshield placard, or a temporary removable windshield placard may be parked for unlimited periods in parking zones restricted as to the length of time parking is permitted. - Violations of these provisions are punishable with penalties of “at least one hundred dollars ($100.00) but not more than two hundred fifty dollars ($250.00),” and a law enforcement officer “may cause a vehicle parked in violation of this section to be towed.” N.C.G.S. 20-37.6(f)(1) and (3).

Section 2 DISPLAY

- A Disability Placard issued by DMV should be displayed by hanging from rearview mirror.

In the event that the operator of the vehicle to be towed arrives at the tow scene prior or subsequent to the tow truck, but prior to actual towing, such operator may be required to pay a service fee to the tow truck driver.

The owner or any other person entitled to claim possession of the vehicle may request in writing a hearing to determine if probable cause existed for the towing. The request shall be filed with the magistrate in the county where the vehicle was towed. The magistrate shall set the hearing within 72 hours of his/her receiving the request. The owner, the person who requested the hearing, if someone other than the owner, the tower, and the person who authorized the towing shall be notified of the time and place of the hearing. The only issue at this hearing is whether or not probable cause existed for the towing. If the magistrate finds that probable cause did exist, the tower's lien continues. If the magistrate finds that probable cause did not exist, the tower's lien is extinguished. At any stage in the proceedings, including before the probable cause hearing, the owner may obtain possession of this vehicle by:

1. Paying the towing fee, or
2. Posting a bond for double the amount of the towing fee.

*Note: The penalty for unauthorized removal of the immobilization device (boot)
shall be equal to the cost of repair or replacement of the device.

Section 6  RESPONSIBILITY: All persons registered for parking on the campus are responsible for all violations issued to the vehicles they have registered. Citations issued to unregistered vehicles will be billed to the faculty member, staff member, or student identified as being associated with the vehicle owner. Citations issued to unregistered vehicles operated by persons not associated in any way with the University shall be the responsibility of the vehicle owner.

ARTICLE VI – REGULATIONS GOVERNING THE OPERATION OF MOTOR VEHICLES

Section 1  All provisions of North Carolina Motor Vehicle Law (N.C. General Statues, Chapter 20) shall apply to the campus.

Section 2  For the purpose of determining the speed limit on the University campus, it shall be deemed to be a business district, and the speed limit shall be 20 miles per hour unless otherwise posted.

Section 3  No vehicle shall be driven or ridden except upon the streets, roadways, alleys and driveways of the campus and shall not be driven or ridden upon or within any sidewalk area, or walking area, or within any area which is marked by posts, signs, or other markings, as being prohibited to vehicles. This section shall not be deemed to prohibit service vehicles or any utility company vehicles from being driven in any area necessary for them to enter to perform the necessary construction and maintenance work.

Section 4  All accidents involving motor vehicles which occur on University property should be immediately reported to the University Police.

ARTICLE VII – PARKING FOR SPECIAL UNIVERSITY EVENTS

Section 1  Home Football Games

Most campus parking areas have specific restrictions on football home game days. The campus community will be notified of these restrictions via electronically mailed information, press releases and signage posted at the parking lot entrances. The Director of Parking and Traffic is authorized to remove and/or cite for violation of this regulation any vehicle parked in restricted areas.

Section 2  Other Events

The Director of Parking and Traffic shall have the authority to restrict access to University streets and parking areas to accommodate the needs of various special events, including but not limited to athletic functions, academic conferences and cultural events. Notice of these temporary restrictions will be prominently posted.
The Director of Parking and Traffic is authorized to remove and/or cite for violation of this regulation any vehicle parked in restricted areas.

ARTICLE VIII – MOTORCYCLE PARKING

Motorcycles may be parked only in areas designated by signage as being for that purpose. No permit is required to utilize these areas. The parking of a motorcycle anywhere on the campus other than these areas shall be considered a parking violation.

EXCEPTION: A faculty/staff member who is registered for a campus automobile parking permit may park a motorcycle in a regular parking space, provided they first register the motorcycle with the Parking and Traffic Department. However, the employee’s motorcycle and automobile may not be parked on campus consuming parking spaces at the same time.

ARTICLE IX – NON-MOTORIZED VEHICLES

Section 1 The University strictly prohibits the use of skateboards, in-line skates or similar devices on the entire campus. Students found in violation of this regulation will be referred to the Office of Student Judicial Affairs for disciplinary action under the procedures outlined in the Code of Student Conduct.

Section 2 Bicycles, mopeds and similar devices may be operated and parked in designated racks located throughout the campus. However, parking or securing any of these devices in stairwells, hallways, doorways, etc. is considered a safety hazard endangering life and property, and will result in the device being removed and impounded at the owner’s expense. To aid in property identification, these devices may be registered free of charge at the University Police Department.

Section 1  How to Appeal a Parking Citation: Complete an online appeal form via Appalachian Self Service within fourteen days from the date of issuance of the citation. Appeals filed later than the fourteen day limit will not be reviewed.
Section 2  Appeals Process:

Subject to rules and regulations adopted by the Board of Trustees of Appalachian State University and the Board of Governors of the University of North Carolina, the Appeals Officer’s ruling shall be considered binding.

Section 3  Points to consider prior to filing an appeal:

A. Hazard lights and/or notes left on vehicles do not permit parking in unauthorized areas, no matter how short the time period.

B. The absence of "NO PARKING" signs/pavement markings does not mean that parking is allowed. Any area not specifically designated by pavement markings as a parking space shall be considered a "no parking area".

C. Inability to find a legally marked parking space does not constitute an excuse for parking illegally.

D. Unauthorized parking in disability spaces and/or reserved spaces is strictly prohibited for ANY reason.

E. You are responsible for any parking violations pertaining to your vehicle, regardless of whom you allow to operate the vehicle.

F. Familiarize yourself with the Parking and Traffic Regulations. Lack of knowledge is not an excuse for committing parking violation.
Appalachian State University  
Millennial Campus Expansion Proposal  
June 21, 2016

I. Appalachian’s Existing Millennial Campus

The Centennial Campus, the Horace Williams Campus, and the Millennial Campuses Financing Act ("the Act") authorizes the Board of Governors to designate real property "held by, or to be acquired by, a constituent institution as a 'Millennial Campus' of the institution" upon express findings that:

1. the institution "has the administrative and fiscal capability to create and maintain such a campus"; and
2. "the creation of the ... 'Millennial Campus' will enhance the institution's research, teaching and service missions" and "... the economic development of the region served by the institution."

N.C.G.S. 116-198.34(8b)

"... The properties designated by the Board of Governors do not have to be contiguous with the constituent institution to be designated as part of the institution's Millennial Campus." N.C.G.S. 116-198.33(4b)

In 2002, the Board of Governors designated a 2.3 acre tract in Boone as Appalachian State University's Millennial Campus.¹ That property includes a 35,354 square foot office/classroom building (University Hall) constructed in the 1980s and a surface parking lot approximately one mile from the main campus. During the ensuing period, University Hall has housed, among other things, the Appalachian Cultural Museum, the Division of Continuing Education, the Office of Conference and Camp Services, and, more recently, the Blue Cross Blue Shield of North Carolina Institute for Health and Human Services (including a comprehensive communication disorders clinic). The institute strives to make North Carolina a healthier place to live through community outreach, research and clinical offerings, including assessment, support and counseling designed to address major public health issues (e.g., autism, and child and adolescent mental health) that affect northwestern North Carolina.

In 2013, President Ross authorized execution of an office/classroom lease between the State, on behalf of Appalachian State University, and Wake Forest University Baptist Medical Center to facilitate interprofessional training of physician assistants at University Hall. The stated goals of the institutions' collaboration are to

1) increase the number of physician assistants training and working in primary care in rural and underserved areas of North Carolina with a specific focus on the Appalachian counties [29 rural counties in western North Carolina],
2) address the health care needs of a high risk and vulnerable population,
3) expand training opportunities in the Appalachian counties for PA students, and
4) enhance the curriculum of the WFPA [Wake Forest University Physician Assistant Program] more specifically on the rural and medically underserved needs of North Carolina.²

¹ Minutes of the Board of Governors' Meeting on August 9, 2002.
² Agreement for Physician Assistant and Inter-professional Training dated April 23, 2013, section I.D., p. 2.
The program will target students from the Appalachian region who want to train and work in these underserved areas. Students at both universities are benefiting from inter-professional, educational and clinical experiences that will provide them with a competitive advantage.

On September 18, 2015, the Board of Governors approved millennial campus designations for 1) the construction site of the new College of Health Sciences classroom and laboratory building and 2) the former Broyhill Inn property and adjacent tracts.

II. Proposed Millennial Campus Expansion Site

Portions of the parcel that includes Kidd Brewer Stadium, the Stadium parking lot, the Sofield Indoor Practice Facility, the Sywassink-Lloyd Family Softball Stadium and tennis courts, and adjoining tracts within the boundaries of Stadium Drive, Rivers Street and Bodenheimer Drive (as depicted on Exhibit A, attached hereto and incorporated herein) present multiple opportunities for enhancement of the university’s research, teaching and service missions, as well as both short-term and long-term economic development of its service area. Because of their connection along Bodenheimer Drive to the former Broyhill Inn and adjacent properties, designation of these tracts will result in a consolidated Millennial Campus West with multiple opportunities for development. Potential construction projects, as described below, could take advantage of public/private partnerships made possible by millennial campus designation:

Sports Medicine Center

An ultramodern 30,000 square foot facility that offers a full range of sports medicine services to athletes and people of all ages and abilities in a convenient, comfortable and patient-friendly setting. Our multidisciplinary team works together collaboratively – all under one roof – providing a coordinated approach to comprehensive diagnosis and treatment.

- Orthopedic surgery
- Primary care, sports medicine
- Rehabilitation medicine, sports medicine
- Sports cardiology
- Diagnostic imaging
- Exercise training
- Heart screenings for young athletes
- Musculoskeletal ultrasound
- Physical therapy and rehabilitation
- Platelet rich plasma (PRP) injections
- Sports physicals
- Sports psychology

Millennial campus designation of the Kidd Brewer Stadium facility site will bring great service to the region in providing easy access for Sports Medicine services, particularly for a population that is physically active with outdoor activities. This will help to promote wellness, along with encouraging a more healthy life, in addition to the diagnostic and treatment capabilities of the clinic. With a partnership between the academic community and health care providers, there could be a significant positive impact on the high schools, middle schools and general public in the entire Northwest North Carolina region in preventing injuries resulting from sports participation, as well as normal daily life activities. Benefits could be gained from screenings for hidden cardiac issues and concussions, to nutrition, to proper rehabilitation prescriptions for returning to daily life after an injury. Additionally, through Appalachian
State University’s highly respected research in health and human performance, an expanded opportunity to help individuals prevent injuries and recover more quickly when injured would be available. Millennial campus designation would enable University faculty and students to collaborate with healthcare professionals to provide enhanced sports medicine services and improved quality of life in the region and across North Carolina. These collaborations will also provide invaluable practical training for students and prepare them for employment in fast-growing medical and allied health fields.

**Sports Performance Center**

In this technologically advanced facility, healthy individuals can work to improve performance and prevent injury, and injured athletes undergo rehabilitation utilizing state-of-the-art equipment such as an anti-gravity treadmill.

**University Housing**

Located at Kidd Brewer Stadium is a new suite style residence hall option for Appalachian State University students, accommodating 300 new beds for on-campus living. The University currently enrolls nearly 15,650 undergraduate students, with 20 total residence halls and approximately 6,000 students that live on campus. The quality of the on-campus experience is recognized as a key element in many students’ academic success.

**Food Services**

An additional dining facility located at Kidd Brewer Stadium would better serve Appalachian State University students by allowing for two primary dining options on the west side of campus.

**Department of Athletics Facilities**

Additional athletics facilities located at Kidd Brewer Stadium could include:

- Appalachian State University team store
- Training room
- Weight room
- Visiting Team locker room
- Equipment & laundry facility
- Office space
- Ticket Office
- Premium seating option for home football contests

**III. Administrative and Fiscal Capability**

Appalachian State University has held the status of special responsibility constituent institution since 1992. Our seasoned administrative team has successfully utilized the existing Millennial Campus to create a model public/private relationship – the previously mentioned collaboration with Wake Forest University Baptist Medical Center – consistent with the University’s teaching, research and service missions. Our Business Affairs, Academic Affairs, Student Development and Chancellor divisions include professionals with expertise in management of a wide variety of university facilities, supported by a general counsel with more than three decades of experience in legal services to university clients engaged in real estate development and management, and related transactions. We are prepared to continue Appalachian’s tradition of sound management of available resources, and to leverage the assets
of an expanded Millennial Campus to enhance Appalachian’s research, teaching and service missions as well as the economic development of northwestern North Carolina.

IV. Ownership

All tracts proposed for designation as a millennial campus are owned by the State of North Carolina and allocated for use by Appalachian State University or owned by the Board of Trustees of the Endowment Fund of Appalachian State University ("BOTEF"). The outside boundaries of the proposed addition to the Millennial Campus are depicted on the map in Exhibit A.

V. Recommendation

The Appalachian State University Board of Trustees authorized and endorsed designation of the subject parcels as a part of the University’s Millennial Campus at its meeting on June 24, 2016. On behalf of the Board of Trustees, we request your favorable recommendation to the Board of Governors and the Board’s designation of property depicted on Exhibit A as an addition to Appalachian State University’s Millennial Campus.

"Under the State Government Ethics Act, all voting members of the Board of Trustees have a duty to avoid conflicts of interest and appearances of conflicts. Looking at the agenda for today’s meeting, does anyone know that you have a conflict of interest or an interest that would give rise to the appearance of a conflict of interest? If so, please let me know now.” [None Reported]
Office of International Education and Development (OIED)
Dr. Jesse Lutabingwa, Associate Vice Chancellor for International Education and Development discussed some of the ongoing international education initiatives at Appalachian. Appalachian State University has been very successful in its internationalization efforts. In 2013-14 the University adopted “Global Learning” as the focus of its Quality Enhancement Plan (QEP) for reaffirmation by SACS and works to accomplish three goals that are in alignment with the University’s Strategic Plan. Appalachian is a national leader in education abroad with more than 1,000 students studying abroad annually on long-term and short-term programs, including international teaching, internships, service learning, and research. We are ranked 4th nationally among top 40 master’s degree institutions for total number of students who studied abroad for academic credit.

The University encourages and financially supports approximately 65 faculty/staff international travel activities with more than $180,000 annually. In 2009 Appalachian increased the number of international exchange students from 35 to 87 annually and the total number of international students on campus in academic year 2015-16 was 184. 35 countries are represented by international students on Appalachian’s campus. At the center of Appalachian’s internationalization strategy are 70 strong and active partnerships around the world, including institutions in such countries as Argentina, Brazil, Chile, China, Cuba, India, Indonesia, Mexico, South Africa, Thailand, Taiwan, and Vietnam. There was follow-up conversation concerning international and diverse student recruitment strategies and how we can provide even more students with education abroad opportunities.

Update on Dean Searches
Provost Kruger reported that, after three very competitive national searches, the University has successfully filled three Dean positions. Dr. Melba Spooner was selected as Dean of the College of Education, Ms. Phyllis Kloda was selected as Dean of the College of Fine and Applied Arts, and Dr. Heather Norris was selected as the permanent Dean for the Walker College of Business. All three appointments are effective as of July 1, 2016. The Dean of the College of Arts and Sciences recently announced his desire to return to the faculty and that the University will initiate another national search to fill that position in the fall semester 2016. Dr. Neva Specht has agreed to serve as Interim Dean. Provost Kruger acknowledged Dean Calamai’s many contributions to the University over the past several years.

Faculty Handbook Revisions
Dr. Sue Edwards, Interim Vice Provost for Faculty Affairs, summarized Faculty Handbook changes that were passed by the Faculty Senate and approved by the Provost and Chancellor. There are seventeen changes proposed, many of which simply clarify or codify existing policies and procedures. The most significant change is to the section describing eligibility to apply for Emeritus Professor status. This change would allow faculty members who retire or resign due to a long-term disability to be considered for emeritus status.

A motion was made by Susan Branch and seconded by Lee Barnes that the Committee accept the faculty handbook revisions as presented and to recommend them to the full board for approval. The motion was approved unanimously.
Open Session Adjourned
A motion was made by Jalyn Howard and seconded by Susan Branch that the Committee 
adjourn the open session and convene in closed session to prevent the premature disclosure of an 
honorary award or scholarship. [N.C.G.S § 143-318.11(a)(2)]. The motion was approved 
umanimously.

Open Session Reconvened
Chair Blackburn reconvened in open session.

There being no further business, a motion was made by Susan Branch and seconded by Lee 
Barnes to adjourn at 2:45 p.m. The motion was approved unanimously,

Respectfully submitted,

The new proposed lease would replace the current lease and allow some additional equipment on the rooftop.

Looking at the agenda for today’s meeting, does anyone know that you have a conflict of interest or an interest that would give rise to the appearance of a conflict of interest? Ms. Branch welcomed everyone.

**Student Government Association (SGA) Vision for 2016-2017:** Ms. Branch introduced Jalyn Howard and Kendrick Dawson, Student Body President and Vice President, respectively to present on the 2016-17 academic year priorities for Student Government Association. Mr. Howard and Mr. Dawson reviewed the mission statement which highlights the following objectives: 1) Student focused changes; 2) Transparency from Administration; 3) Student input for campus decisions; 4) Focusing on the financial and mental well-being of students, faculty, staff and their families in the decision making process; and 5) Consideration of financially struggling students. They presented the following platform topics: 1) Economic Sustainability – student fees, off-campus housing and funding prioritization of academics over salary increases for Administration; 2) Equity – handicap accessible services and infrastructure, University’s Diversity initiative, and early voting sites on-campus; 3) Health and Safety – suicide prevention trainings, sexual assault prevention initiatives, establishment of SANE nurses and University infrastructure; 4) Change – protection of safety and freedom of speech for campus community, and departmental and support service student surveys; 5) Environmental Sustainability – advocate for various means of public transit, 90 percent diversion rate by 2020 and increasing sustainable food options on campus; and 6) Student Affairs – fitness area in the Appalachian Panhellenic Hall, extension of tailgating hours, ability of transfer students to register for classes based on previous college credit, improvement of parking congestion on campus and increased collaboration between student groups.

**University Recreation Update:** Ms. Branch introduced Eddie Simmons, Associate Director of University Recreation. Mr. Simmons’ presentation consisted of the following items: 1) Review of University Recreation’s mission statement; 2) Overview of facilities - Quinn Recreation Center, Mount Mitchell Fitness Centre, State Farm Fields, Camp Broadstone and Student Recreation Center; 3) Available programming and participation data- aquatics, club sports, fitness, intramural sports, informal recreation and outdoor programs; and 4) Data from the 2015-16 academic year - approximately 925,000 participants utilized recreation facilities and programs, and the University Recreation Department employed 712 students. Lee Pinkham and
Riley Dixon, current University Recreation student employees, shared their stories about the evolution of their involvement and the related valuable experiences that cannot be taught in the classroom. Mr. Howard inquired if the current campus foot print was sufficient for students’ needs. Mr. Simmons indicated the present space is not adequate to meet the requirements of students. It was noted that current staff and faculty individual members are greater than 500 per month and family memberships exceed 700. This is a reflection of the campus’s emphasis on holistic well-being.

**Student Development Report:** Ms. Branch introduced Leroy Wright as the Interim Vice Chancellor for Student Development. He started working at Appalachian at the end of January 2016 as the Associate Vice Chancellor for Student Development, replacing Dino DiBernardi. His strong connections to the campus community in his short time at Appalachian have been noticed. The interim appointment is for one year and a national search process will begin Fall 2016.

Matt Dull, Assistant Vice Chancellor for Student Development Finance and Operations, recognized Peggy Eller, “Miss Peggy”, for her 28 years of service as the founding Director of the Child Development Center. The Child Development Center has 68 enrolled children with a waiting list of approximately 100 children. Mr. Dull commented on the tenure of permanent lead teachers which is rare in this field and is a reflection of Ms. Eller’s contribution. Ms. Eller stated the constant support received from Administration was appreciated and made it possible to provide quality services that allow faculty, staff and students to focus on the mission of Appalachian. Dayton Cole stated the monies from the university endowment fund provided the opportunity to purchase the land and building where the Child Development Center building is located.

A motion was made, seconded and passed to adjourn the meeting at 2:02 p.m.

Respectfully submitted,
