REPORT FROM ACADEMIC AFFAIRS COMMITTEE: Chair Blackburn recognized Trustee M. Lee Barnes, Chair of the Academic Affairs Committee, for this report. Trustee Barnes reported the following:

General Assessment Update: Institutional Effectiveness

Heather H. Langdon, Executive Director of Institutional Research, Assessment and Planning (IRAP), shared the past year has been one with several achievements regarding institutional effectiveness efforts. Further information was included in the materials, but highlights include the General Education Assessment Summit held in summer 2018. This organized effort, including representatives from IRAP, General Education, the Center for Academic Excellence, the University Academic Assessment Council, and several faculty, who worked to assess the General Education goal of "Thinking Critically and Creatively." The next General Education Assessment Summit is being planned for May 2019. Continuous Improvement Grants were awarded to 33 recipients by IRAP and the University Academic Assessment Council, and continued funding for these awards was awarded to IRAP to allocate for future years. The University's cross-division Institutional Effectiveness Council began meeting in fall 2018 to focus on assessment efforts across the University. Finally, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Fifth Year accreditation Report was
submitted earlier in March 2019, and this report included learning outcomes and assessment information for academic programs.

**Intercollegiate Athletics Report Update**

Heather H. Langdon, Executive Director of IRAP, shared this report was delayed to spring 2019 this year due to a Legislative request in fall 2018. This year’s academic integrity and course clustering study yielded lower numbers of flagged course sections with 25% or more enrolled athletes. As in the past, there are no irregularities requiring corrective action to report.

Trustee Barnes indicated that this concluded the report from the Academic Affairs Committee (see Appendix A).

**REPORT FROM ATHLETICS COMMITTEE:** Chair Blackburn recognized Trustee Mark Ricks, Chair of the Athletics Committee, for the report. Trustee Ricks reported the following:

**Head Coach Presentation**

The Athletics Committee met on Thursday afternoon, and began with a presentation given by Head Women’s Basketball Coach, Angel Elderkin. Coach Elderkin overviewed her team’s recent successful season, which led to the program’s first postseason berth since 2013, as they competed in the Women’s Basketball Invitational.

**Presentation of the UNC Intercollegiate Athletics Survey**

This year’s UNC Intercollegiate Athletics Survey as required by University of North Carolina policy, was then presented to the Athletics Committee. Heather Langdon, Director for Institutional Research, Assessment and Planning, along with Jonathan Reeder, Senior Associate Athletics Director, presented information related to student-athlete academic performance, and the 2018-19 athletics budget. As a part of the intercollegiate athletics survey, student-athlete admission and academic profile data, and a course-clustering analysis of student-athletes were discussed, in which no corrective action is required.

**Presentation from Director of Athletics**

Director of Athletics, Doug Gillin, then presented several updates to the Committee. Mr. Gillin discussed App State Athletics’ recent partnerships with the University campus & community, including a partnership with Athletics and the Department of Mathematics regarding Sports Analytics, new collaboration with the local Sports Commission in hosting the recent 2019 Southern Conference Wrestling Championship, and Student-Athletes community service efforts totaling 9,298 hours since May 2018.

Mr. Gillin then shared updates related to Student-Athlete Well-Being with the Committee. This included a reporting structure change, where the units of Sports Medicine, Strength & Conditioning, Nutrition & Sports Psychology report through the Senior Associate Athletics Director for Health & Wellness. Also, student-athletes use of University Tutorial Services and
the Academic Services for Student-Athletes unit was discussed, and how academic integrity is preserved through appropriate reporting lines, rules education, and monitoring efforts.

Mr. Gillin then discussed a recent proposed bill in the state of North Carolina which would allow public universities to sell beer and wine at Athletics events. As the legislative process progresses, discussions will be held at future Board of Trustees meetings.

To conclude the open session, Mr. Gillin shared recent competitive updates with the Committee, which included a 4th consecutive Southern Conference Regular Season Championship for the Wrestling program, a strong season for the Women’s Basketball program, and a record setting start for the Softball program, who is off to a 6-0 overall record in Sun Belt Conference play.

Trustee Ricks stated he had several items for closed session and that this concluded the report from the Athletics Committee (see Appendix B).

REPORT FROM AUDIT COMMITTEE: Chair Blackburn recognized Trustee Charles Murray, Chair of the Audit Committee, for the report. Trustee Murray reported the following:

Ms. Robin Davis from the North Carolina Office of the State Auditor discussed the recently completed 2018 ASU Financial Statement Audit Report. No findings were reported.

Internal Audits

- The internal audits of the 2018 CARE Program, the 2018 Football Paid Attendance and the Annual Review of Completion and Approval of the IT Security Risk Assessment were completed. No findings were reported.
- Follow-Up Reviews monitor management’s implementation of recommendations from previous audits that were performed. Two follow-up reviews were performed for this quarter and the results were summarized and discussed.
- Campus-Wide Reviews were conducted in the areas of educational and technology funds, fixed assets, travel expenditures, p-card expenditures and fund reconciliations. In addition, monthly reviews were conducted regarding the removal of network access for terminated employees. Also, if necessary, follow-up procedures were performed to determine the resolution of previous findings concerning the campus-wide reviews. Recommendations were made regarding following ASU Policy concerning compliance with E&T fund requirements, departmental bookkeeping, fixed asset inventory requirements, and in conjunction with using the p-card. No other significant findings to report.

2018 Independent Accountants’ Report

The 2018 Independent Accountants’ Report on Applying Agreed-Upon Procedures was completed by Combs, Tenant, and Carpenter, CPA. NCAA member institutions are required to submit financial data detailing operating revenues and expenses related to its intercollegiate athletics program to the NCAA on an annual basis. No exceptions were noted as a result of these agreed-upon procedures.

Trustee Murray indicated that this concluded the report from the Audit Committee (see Appendix C).
REPORT FROM BUSINESS AFFAIRS COMMITTEE: Chair Blackburn recognized Trustee Scott Lampe, Chair of the Business Affairs Committee, for the report. Trustee Lampe reported the following:

**Proposed Miscellaneous Fees**

Vice Chancellor Paul Forte gave an overview of the Miscellaneous Fee increase requests for 2020. Fee increases were proposed for Dining, Housing, Transportation and the textbook rental program. These fees are approved by this Board and do not require Board of Governors approval. The overall increase was slightly above 3% (3.2%). The Dining fee increase will cover operating cost increases including the implementation of the state minimum salary requirements as well as capital renovation cost. Housing increases will be used for labor cost and utility rate increases. The textbook rental fee increase will be used to offset the increasing costs of digital media. The Transportation fee increase will support improved service by Appalcart.

Trustee Lampe, on behalf of the Business Affairs Committee, recommended approval of the proposed miscellaneous fees as presented. The Committee’s recommendation was unanimously approved.

**Capital Projects**

Vice Chancellor Paul Forte gave an overview of the main Capital Projects progress on Campus. This included status updates on the following projects: End Zone, P3 Housing, Sanford Hall and the Child Care Center. Mr. Forte also gave an overview of the Phase 2 Steam line improvement project. This project is the second phase of a three-phase improvement project related to the work currently underway in the end zone. Funding will come from steam rate charges. The project will cost approximately $3.5 million.

Trustee Lampe, on behalf of the Business Affairs Committee, recommended approval of the capital projects as presented. The Committee’s recommendation was unanimously approved.

**Designer Panhellenic Hall Elevator Modernization**

The Committee voted to approve the designer selection for the Panhellenic Hall Elevator Modernization project. Both the Board of Trustees and Board of Governors approved the project. The selection committee unanimously selected the designer, RND Architects from Durham, NC.

Trustee Lampe, on behalf of the Business Affairs Committee, recommended approval of the designer selection as presented. The Committee’s recommendation was unanimously approved.

**Affiliated Board Resolution**

Vice Chancellor for Business Affairs Paul Forte presented the Resolution Concerning Comprehensive Review of University–Affiliated Organizations. Upon motion duly made and seconded, the Resolution was approved unanimously (See Attachment 2).
Budget Overview

Vice Chancellor Paul Forte gave an overview of the FY 2020 budget as well as a time line for approval. The major change for this year is the lack of enrollment growth funding for 2020 as we transition from funding allocated on forecasted enrollment to funding actual enrollment growth. To close this funding gap the System Office has requested funding for summer enrollments from the Legislature.

Trustee Lampe indicated that this concluded the report from the Business Affairs Committee (see Appendix D).

REPORT FROM STUDENT AFFAIRS COMMITTEE: Chair Blackburn recognized Trustee James Barnes, Chair of the Student Affairs Committee, for the report. Trustee Barnes reported the following:

Food Insecurity and Homelessness

Mr. Alan Rasmussen and Dr. Lee Ball presented on Food Insecurity and Homelessness. Information was presented about how Appalachian has been working to support students based on their individual circumstances. Our team does a wonderful job getting to know each student and their particular challenges. Information was shared about the Food Pantry being housed in the Office of Sustainability as well as in the Reich College of Education. Services to faculty, staff and students were also shared. Lastly, information of a new initiative Mountaineer Meal Share designed to provide resources (money) to students in need of food, particularly at the end of the semester was presented.

Student Government Association Update

Trustee Barnes stated that Mr. DeJon Milborne was re-elected to serve as President of the Student Government Association for the 2019/2020 academic year. Mr. Milbourne then provided an update on some of the goals and accomplishments from the past year.

Trustee Barnes indicated that this concluded the report from the Student Affairs Committee (see Appendix E).

Good morning and welcome to Springtime in Boone!

I know many of you have been enjoying warmer temperatures and spring blooms for a few weeks, but we are just starting to see them in the High Country — and we are excited about seeing the daffodils bloom! As you may have seen on Facebook and Twitter, the campus ducks seem to be choosing this time of year to move into their new house — possibly they are nesting and we’ll see some baby ducklings soon.

Springtime means Commencement is just around the corner, and we have been busy on our campus this semester. I’d like to focus my report today on updating you about one key event: Appalachian’s hosting of the Board of Governors for their March meeting last week.

The Board of Governors’ visit to our campus was a tremendous opportunity for our campus. The Governors have not met on our campus since 1999 — a time when our enrollment was at 12,000.

We used this visit as a way to showcase how we have changed— not only in numbers but also in the ways we teach the leaders of tomorrow and serve the state of North Carolina today.

With help from Student Ambassadors, we took several members of the Board — as well as colleagues from other system campuses — on a campus tour.
We showed them Sanford and Wey Halls and their level of disrepair;
We took them to Levine Hall, so they can see how we deliver a building on time and on budget when given state resources, and
We showed them the site of the Innovation Campus, so they can envision what is in our future.

Through one-to-one and group interactions, our Board of Governors learned about our university from the perspectives of:
Students on our Solar Vehicle Team
Student Yosef Club members
Student Veterans
Student Police Cadets, and
The Appalachian Community of Education Scholars

Deans, students, faculty and staff took the opportunity of the public comments session to share accomplishments from their colleges, research, and updates on special projects. Notably: Chief Sustainability Officer Dr. Lee Ball shared ways our university sustainability efforts are making economic, environmental and social impacts on our state.
Associate Vice Chancellor for Enrollment Management Cindy Barr shared some data from our first-year admitted students for Fall 2019. Of that admitted pool, we have realized a 1.7% increase in admitted rural students, a 2% increase in admitted First Generation College students, and a 3% increase in admitted students who are racially underrepresented.
Dr. Robin Groce [Gross], who serves as Appalachian’s director of planning and implementation for the Appalachian State University Academy at Middle Fork, reported that the Academy 5th graders achieved an 81% increase from their 4th grade scores on their pre-assessments for the North Carolina End-of-Grade reading comprehension test. We are so proud of these students’ accomplishments, but as you will see shortly, we know test scores tell only part of the story of successes at Middle Fork.

We also made sure they knew our enrollment numbers, our retention rates and other accolades that support my assertion that we are the premier, public undergraduate institution in the state... and should be funded accordingly.

Finally, we shared with them this perspective of how Appalachian is helping shape the educations of young people in our state from Kindergarten through college.
I do not think it is an overstatement to say this was an enormously successful visit for Appalachian. We placed our university on the map for many of these individuals, who make critically important decisions about our future. They will now have a key frame of reference for making these decisions in the future.

Before I close, I would like to invite any of you who are staying the weekend to join us tomorrow morning for the App State Walk to Defeat ALS. In October 2017, our Dean of Libraries, Dr. Dane Ward, was diagnosed with ALS. Our university community has chosen to honor him by coordinating an event to increase awareness about ALS and fundraise to find a cure. We have raised more than $28,000 so far. If you would like to sponsor a team or a walker, please visit the TODAY-DOT-APP-STATE-DOT-EDU website and look for the App State Walk to Defeat ALS event.

I would also like to quickly recognize the success of our Women’s Basketball team. They made it to the Final Four of the WBI Tournament, reaching 20 wins for the first time since the 2012-13 season. I know you all join me in wishing them luck as they take on Campbell tomorrow in the Holmes Center (game time is 7 p.m.).

There are so many wonderful stories taking place on our campus. I know I say this just about every time I see you, but I hope you will make TODAY-DOT-APP-STATE-DOT-EDU your homepage so you can read new stories every day and share the ones that make you proudest.

Whether we are in the classroom, competing in athletics or serving our community, we rise to the challenges together at Appalachian. It is ALWAYS great to be a Mountaineer.
Mr. Chairman, this concludes my remarks.
